

## DSL0618 Glute Extension DISCOVERY™ SERIES SELECTORIZED LINE

Like every piece of equipment in our Discovery™ Series Selectorized Line, the DSL0618 Glute Extension adds value to your facility by combining essential performance and durability with thoughtful design to deliver an exerciser experience that feels natural.

The sound biomechanics of the Discovery Series Selectorized Line Glute Extension deliver a unique, targeted workout for the exerciser. The elbow pad, handles, and large base platform stabilize the exerciser during the workout and deliver a smooth and precise motion.

Strength equipment is a long-term investment and with the Discovery Series from Precor, you can make your strength purchase decision with confidence. With a full range of products that are approachable and intuitive, perform for exercisers of all ability levels, and will withstand the test of time, the Discovery Series is the straightforward strength solution you've been looking for.

Glute Extension  
DISCOVERY™ SERIES SELECTORIZED LINE

## Product Features

### 1. Instructional Placard

Easy-to-understand, large, text-free illustrations demonstrate correct form at a glance and a QR code links to a helpful 30-second instructional video.

### 2. Stabilizing Elbow Pad and Handles

The elbow pad, handles, and large base platform stabilize the exerciser during the workout and deliver a smooth, flowing, and precise motion.

### 3. Weight Tower, Shroud, and Weight Stack

The open and inviting design allows exercisers to easily access the weight stack selector pin and add-on weight lever. The 5 lb / 2.3 kg add-on weight can be engaged with a simple flip of the lever to increase the load. The shroud cap is secured with three fasteners for easy access and maintenance, and the smaller diameter cables are flexible enough to stand up to the rigors of the facility floor.
