

## DSL0505 Rear Delt / Pec Fly

DISCOVERY SERIES PIN SELECTED LINE

Like every piece of equipment in our Discovery Series Pin Selected Line, the DSL0505 Rear Delt / Pec Fly adds value to your facility by combining essential performance and durability with thoughtful design to deliver an exerciser experience that feels natural.

The Discovery Series Pin Selected Rear Delt / Pec Fly features dual-independent movement arms with upper pivots to accommodate varying arm lengths. Each can be set to 13 starting positions over a 120-degree range, providing exercisers with a versatile and comfortable workout.

Strength equipment is a long-term investment and with the Discovery Series from Precor, you can make your strength purchase decision with confidence. With a full range of products that are approachable and intuitive, perform for exercisers of all ability levels, and will withstand the test of time, the Discovery Series is the straightforward strength solution you've been looking for.

# DSL0505 Rear Delt / Pec Fly

## DISCOVERY SERIES PIN SELECTED LINE

### Product Features

#### 1. Adjustment Pins

The Discovery Series Rear Delt / Pec Fly supports two traditional movements in one unit. Easy to use adjustment pins allow exercisers to seamlessly move between pec fly and rear delt movements.

#### 2. Dual-Independent Movement Arms

The dual pivoting arms allow exercisers to comfortably perform each exercise while maintaining proper form.

#### 3. Ratcheting Seat Adjustment

The ratcheting, gas-assisted seat adjustment features a large, ergonomic, over-molded rubber adjustment handle, making it easy and comfortable for exercisers to get the right fit.

#### 4. Weight Tower, Shroud, and Weight Stack

The open and inviting design allows exercisers to easily access the weight stack selector pin and add-on weight lever. The 2.3 kg add-on weight can be engaged with a simple flip of the lever to increase the load. The shroud cap is secured with three fasteners for easy access and maintenance, and the smaller diameter cables are flexible enough to stand up to the rigors of the facility floor.

#### 5. Instructional Placard

Easy-to-understand, large, text-free illustrations demonstrate correct form at a glance and a QR code links to a helpful 30-second instructional video.
