Resolute™ Strength Pin Selected Line

Seated Dip

Biomechanically Sound

The design of the Resolute Seated Dip pivot arms closely matches the feel of a traditional bar dip to properly engage the triceps muscles. The angle of the seat back helps ensure correct and supported position throughout the whole movement.

Designed to Go the Distance

Oversized steel tubing lends a sleek, contemporary shape and contributes to a more durable product. One piece, soft rubber foot caps make the equipment easier to move and will remain in place even if kicked. Tested to 250,000 cycles, the Resolute Seated Dip is designed to go the distance.

Focused on the Experience

The tee-shaped, over-moulded handle grips on the Resolute Seated Dip easily rotate to provide a variety of comfortable hand positions. The weight stack pin and patented add-on weight switch are within easy reach to enable quick adjustments between sets.
